Machine engineering and service

13.10.2025

Company

TSK Schill GmbH

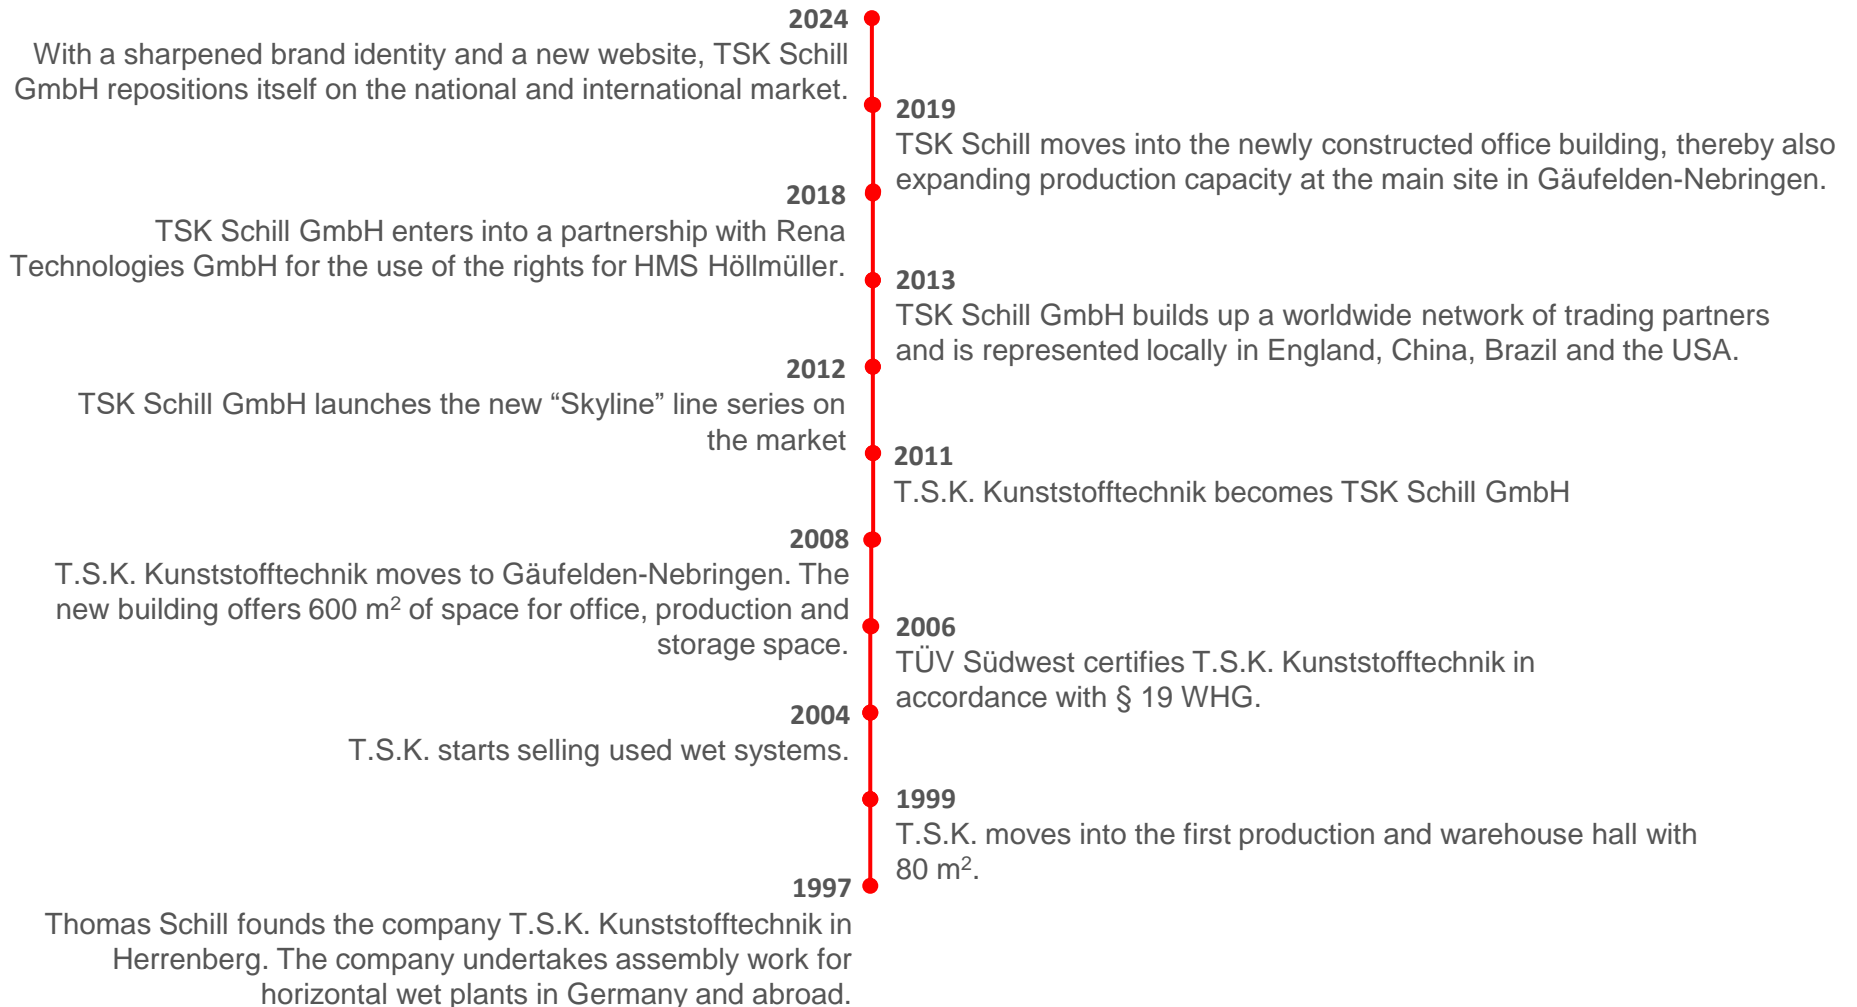

Renowned in the construction, sales and service of systems for horizontal wet chemical processes, TSK specializes in systems for PCB production, printed circuits, molded part etching, as well as for high-current and high-frequency applications and solar systems for the national and international market.

The highest level of expertise in design, construction and production as well as many years of experience in plant construction and service make us the first point of contact for high-quality and durable systems for horizontal wet-chemical processes.

With several production sites in Germany, we stand for reliability, flexibility, customer proximity and enormous expertise through in-house specialists, many of our experts have been familiar with wet chemical processes for more than 40 years.

We attach particular importance to stable and reliable relationships with customers and suppliers, for whom we are always available with personal contact persons. The highest precision is our daily claim.

Recycling unit (copper recovery) integrated
as a complete solution

Pre clean	<ul style="list-style-type: none">• Chemical• And mechanical as abrasive brush
Developing	<ul style="list-style-type: none">• Dry film• Liquid resist• Solder mask
Etching	<ul style="list-style-type: none">• Alkaline• Acid CuCl_2• Ferric FeCl_3
Stripping	<ul style="list-style-type: none">• Dry film with resist filtration• Tin strip
Deburring	Dual station, with rinses and copper filtration
De-mear	All chemicals known and familiar
PTH	All chemicals known and familiar
Immersion tin	All chemicals known and familiar
finishing	Organic coating
Final clean	After milling

TYPICAL ML-PCB LAYOUT

Industry overview

Our Systems for your sector:

Industry
Medical technology
Telecommunications
Consumer electronics
Defense
Solar
E-mobility

Number of customers:

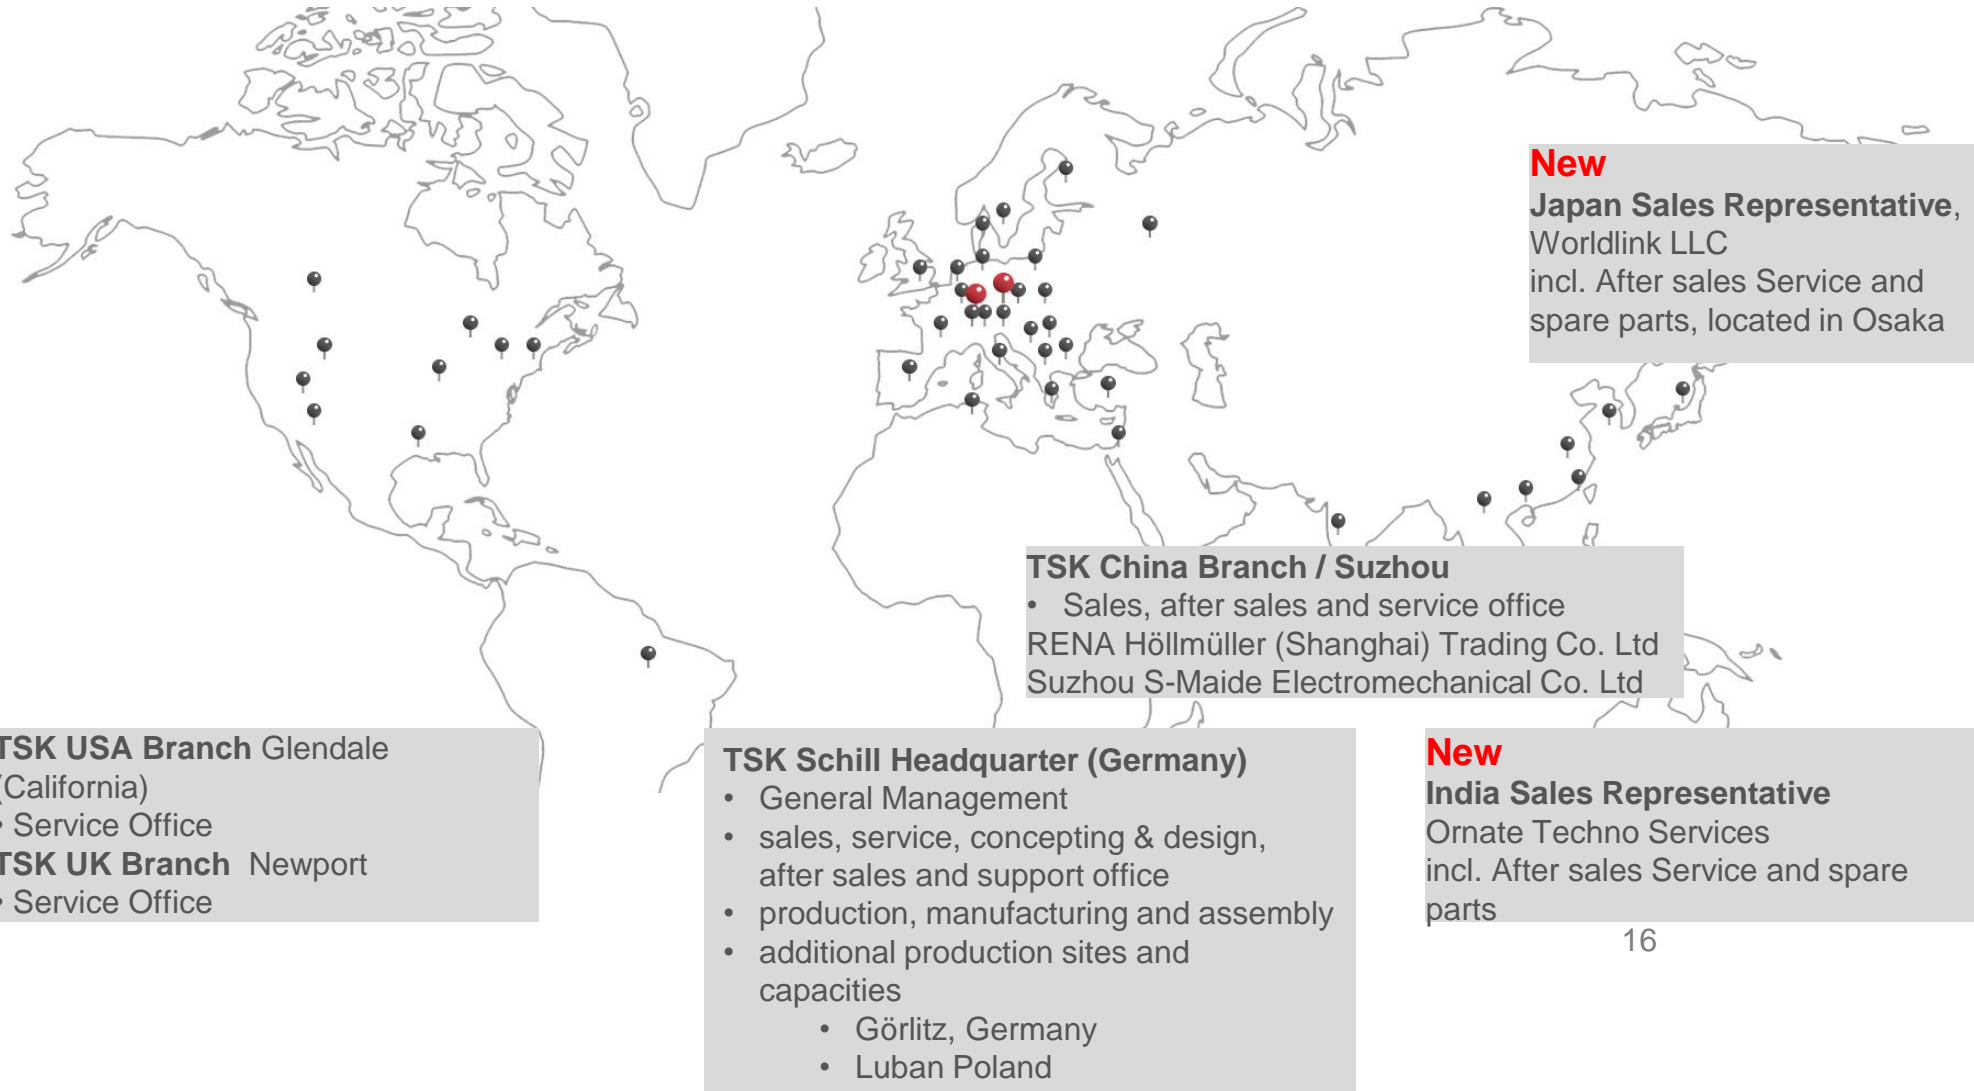

468 customers in 48 countries worldwide

Certifications:

Certificate - Recognition of
Welding process (WPAR)

TSK-Line-up worldwide

Reference customers

ROHDE & SCHWARZ

DYCONEX AG

Heraeus

Contakt/Imprint

Why TSK Schill?

- Development, manufacturing, and support from a single source
- Flexibly scalable from R&D to series production
- Sustainable, efficient, customized

Do you have any questions?

Thank you for your attention

TSK Schill GmbH is your reliable and fair partner - today and in the future, and we give you, our promise!
